RE: Clause 20(1) of the Regulation

Supplemental Report of the Commissioner on Salaries, Allowances and Retirement Benefits for Members of the Manitoba Legislative Assembly

This is a supplemental report to the Report on Members Salaries, Allowances and Retirement Benefits dated June 28, 2024. The purpose of this supplemental report is to address an issue raised in the Report regarding individual base amounts for Southern Members' travel allowance (clause 20(1) of the Regulation).

In the Report I indicated that a review should be undertaken to determine whether an amendment is warranted for the base amount.

Upon further examination, I have determined that the current base amounts are sufficient to cover the costs of Southern Members and an immediate change is not required.

However, it would be prudent for Members' Allowances to review the formula for calculating base amounts and make any recommendation if necessary. This would be useful for slotting in new constituencies in the event of changes to the electoral divisions. The next Commissioner could then decide to incorporate any recommendations when doing the next Report.

In sum, an amendment to clause 20(1) of the Regulation regarding base travel amounts for Southern Members is not required.

Respectfully submitted this 9th day of September, 2024.

MICHAEL D. WERIER, K.C.
Commissioner
